OVERVIEW

As a global research university, Northeastern University students are encouraged to pursue academic opportunities across the Global Campus Network and beyond. When F-1/J-1 students pursue academic experiences outside of the U.S., it is important that they work with the appropriate Northeastern department, as well as with the Office of Global Services (OGS) to ensure that they can maintain their F-1/J-1 status while they are outside of the country.

□

To start:

- If you are interested in **studying outside the U.S.** or participating in a **Semester In program**, contact the [Global Experience Office \(https://geo.northeastern.edu/programs/study-abroad/\)](https://geo.northeastern.edu/programs/study-abroad/) (GEO) to learn about the variety of programs that they offer
- If pursuing **graduate research abroad** is a requirement of your graduate program, connect with an advisor in your Graduate School
- If you are interested in participating in a **global co-op**, contact a co-op coordinator in your college. You can also learn more about global co-ops on the [Employer Engagement and Career Design website \(https://careers.northeastern.edu/students/student-co-op/global-co-op/\)](https://careers.northeastern.edu/students/student-co-op/global-co-op/)

□

Once you have confirmed your participation in study abroad, global co-op, or graduate research abroad, you must report your activities to OGS via the instructions below.

REPORTING ACADEMIC ACTIVITIES OUTSIDE OF THE U.S. TO OGS AND MAINTAINING F-1/J- 1 STUDENT STATUS

International students may not be readmitted to the U.S. if they have been outside the country for more than 5-months that is unconnected to study; therefore, it is vital that you appropriately report your academic activities to OGS prior to departing the country
